British Standard Measures.  
The standard measures of Great Britain are preserved in the archives of parliament.

Maize is Indian corn. Crushed maize is known in Ireland as "stirabout," in Italy as "polenta" and in America as "hominy." It is less stimulating than wheat. Corn flour is a preparation of maize. Crushed maize boiled with milk, sweetened with sugar and dashed with cream is one of the most fattening foods.

Annexation. An Athenian philosopher who lived in the fifth century before Christ, taught that wind was the result of rarefaction; that the rainbow was the result of reflection; that all borrowed from the sun, and that the fixed stars were of immense size and far beyond the sun.

Graphite. Inexhaustible supplies of superior graphite, almost pure and eminently suited for pencils, are found in Siberia.

Gemma Donati. Dante's wife, was a dame of portentous physiognomy and a deep, tragic voice. She sneezed him severely, a fact which perhaps explains the absence of her name from his writings.

Earache. In case of earache do not put anything into the ear except by direction of a physician. The best way to relieve earache is to heat an iron or brick, wrap it in two or three thicknesses of flannel, pour warm water on the top, when steam will at once rise, if the ear is placed close to the flannel the steam will permeate every part of it.

A Japanese Punishment. In Japan it is the custom to punish an unruly child by burning holes in its skin with an instrument called the "mota" or "mogusa."

## ONE CASE OF RATTLES

Put Champs to The Bad In Splendid Game

OTTAWA WON OUT 2 to 0

Both Burns and Hildebrand Pitched Splendid Ball, While Barring Unlucky Seventh Teams Were Brilliant in the Field.

A pass and two errors gave Saturday's game to Ottawa by the score of 2 to 0, yet the game was one of the finest ever seen on the Inter-city grounds, abounding in almost invincible pitching, fast work on the bases and some lightning fielding stunts. It was unfortunate that the game had to be won and lost on the two errors, the only ones made by the locals during the afternoon, but that's baseball.

Hildebrand and Burns were pitted against each other and it was a battle royal during the entire game. The former was pitching another of his one-hit games, the only thing in the shape of a hit being a two-bagger by Davis into the borderland of right field. It was an extremely lucky hit, too, the ball striking just inside the foul line and just outside Ball's reach. The locals rapped out several more which looked like hits but fast support saved Hildebrand the laurels of another splendid exhibition.

Meanwhile Burns was also pitching wonderful ball. Up to the unlucky seventh but three Ottawa men had been put in first base and they were promptly doubled up at second on the next play. It was a bad break in the seventh and the two winning runs were tallied with out a hit, while during the remainder of the game but one more was made off the local's star twirler.

The game was late in being started because of the heavy rainfall just as the batteries were called out, but effective work with bases and sawdust put the field in playable condition, and the locals took the field. Eddie Loughlin took the left garden, Daniels going to center and Davis to right, while McMahon was on the bench. The new combination worked well, and although defeated the Champs worked in four splendid double plays, cutting off three runners at second and one at third.

In the second inning Shaughnessy got a single to the fence and went to second on Hildebrand's sacrifice. When Kennedy sent a fly to Davis in right field, Shaughnessy thought he could make third, but was doubled up on Davis' throw to Williams. Unice, Elliott and Ashmore negotiated the other three doublets.

The nearest the Champs came to scoring was in the sixth inning. Burns got first on a juggle by O'Brien, the visitors' only misplay, and was forced at second by Loughlin. Unice went toward O'Brien to Clayton, and Loughlin showed what his legs are worth by running all the way from first to third on the infield out. He was given a round for his trick. With two down and Daniels at the bat, Loughlin attempted to work his part of a squeeze play, but Daniels lost the combination and failed to poke at the ball, Loughlin going out, Hildebrand to Martel. During the rest of the game the Champs got but two other men on bases and they didn't pass second.

Everything was going swimmingly for the Champs until the unlucky seventh, the support accorded Burns being as good as his pitching. But in the seventh Burns himself started the bad break by passing O'Brien. Dorman, the next man up, rapped a sharp grounder to the little pitcher and the latter hurled the horsehide to the center field fence in an attempt to get O'Brien at second. All O'Brien had to do was to keep running until he scored, Dorman going to second. That score was enough to win, as it turned out, but another misplay gave Ottawa another. Ray followed with a bunt down the first base line. Both Burns and Ashmore went after the ball. Elliott covering first base. Burns tossed to Elliott and Clayton would have been a sure out had not Elliott dropped an easy throw. Dorman meanwhile legged it around the circuit while Clayton went to second, where he was nabbed by Burns a little later on a fast throw to Elliott. Shaughnessy then struck out and Hildebrand went out, second to first.

Ottawa's third hit came in the ninth, Ball hitting for a single, and O'Brien sent him to second on a sacrifice. Unice then gathered in Dorman's difficult fly and doubled Ball at second, making the fourth double play. The score and summary:

### RAIN STOPPED FINE MATCH

### HAD ONE SCORE APIECE

Rangers and Green Mountains Started on Second Half When Clouds Emptied Their Contents on the Field.

Rain caused Referee Taylor to call the game between the Rangers and the Green Mountains at the local grounds Saturday afternoon soon after the start for the second half, the score then standing 2 to 1 in favor of the Rangers. It was a fast, interesting game from the kick-off, there being considerable feeling displayed by both sides.

During the first thirty minutes of play the veteran Green Mountain team to be decidedly the superior of the younger Rangers, Ingraham scoring their first goal after about fifteen minutes of play. McLeod of the Rangers tied the score just before the referee's whistle blew for half time. The score at the end of the first half was 1 to 1. Almost at the kick-off in the second half the Rangers rushed the ball down the field and McLeod again shot the goal. At this point the rain fell so steadily that the referee called the game. As the full time was not played out this game will not count in the league standing. The features of the game were the star individual work of Jopp and McLeod.

The line-up was as follows:

**FRANCE AND TURKEY AT ODDS.**  
Strained Relations Over the Frontier of Tripoli.  
London, Aug. 6.—Strained relations have arisen between France and Turkey over the frontier of Tripoli adjacent to the French Sahara. Turkish troops recently occupied the disputed territory on the grounds of Turkey's suzerainty over Tripoli. France's protest was ineffective, the Turkish ambassador at Paris Saturday receiving instructions to maintain the Turkish claims. The officials at Paris do not expect the affair to assume serious dimensions, although the attitude of both sides momentarily is very firm. Turkey's activity is interpreted as daily further evidence of Mussulman opposition to European preponderance in North Africa.

**MOORS ON THE WAR PATH.**  
Violent Anti-French Agitation—Rebels Concentrating at Morocco.  
London, Aug. 6.—A despatch to the Pall Mall Gazette from Tangier, published Saturday afternoon, says: "Highly sensational reports are being received here, causing great excitement. Daily, almost hourly, comes information from the interior of the rapid spread of a violent anti-French agitation. The rebels are concentrating their military contingents around Marrakesh (Morocco city), the southern capital, and there is no doubt that a formidable coalition of semi-independent vassals has been formed. They are clamoring for a holy war and urging the viceroy, Prince Abdul Hafid, to proclaim himself sultan. The situation is more critical than it has been for 30 years."

Another Supposed Outrage at New Bedford.  
New Bedford, Mass., Aug. 6.—The New Bedford police declined to state Saturday whether the three sticks supposed to be of dynamite found on the street railway tracks Friday night, really contained explosives or were placed on the tracks with malicious intent by strike sympathizers. In view of the fact that a car ran over one of the sticks without causing any explosion, some doubt was expressed by citizens as to whether the sticks were in fact dangerous. Despite the strike cars were running on schedule time Saturday.

Saturday afternoon two packages supposed to contain nitro-glycerine were found near the car tracks on the Dartmouth and Westport road; one of the lines affected by the strike. The contents of the packages will be examined by experts.
